Spanish

Progression of knowledge, skills and vocabulary

Kapow
Primary™

Introduction

This document gives an overview of the key knowledge covered in each knowledge strand of our Spanish scheme of work (**Phonics**, **Vocabulary** and **Grammar**) and how this builds across the year groups.

For **Vocabulary** we have made the decision to show only key Spanish vocabulary and structures on this document, rather than listing all the vocabulary used in a unit. This is because it is the structures which are progressive and able to be used in different contexts and therefore are more valuable for children to retain. Where we feel that the 'topic vocabulary' is particularly important for pupils to retain we have added this on in **blue**, but at times it may be that they only retain relevant vocabulary for themselves (e.g. food they love/strongly dislike; family members from their own families etc.)

This document shows how we would expect pupils to progress in their application of this knowledge when dealing with **Language comprehension** and **Language production** in order to meet the end of key stage attainment targets set out in the National curriculum.

Please see our [Spanish: Long-term plan](#) for more information about the design of our Spanish curriculum.

Our key documents are regularly updated to reflect changes to content on our website. This version was created on 13.06.24. Please check [here](#) for the latest version.

How is the Spanish scheme of work organised?

From the Ofsted research review: languages, we have identified three knowledge strands or 'pillars'. In each unit children will then draw upon this knowledge when comprehending and producing language to help them achieve the aims of the National curriculum.

Terminology	noun cognate masculine feminine adjectives conjunction negative verb	compound words adjectival agreement indefinite article infinitive future tense definite article	subject pronouns first, second, third person singular imperative verbs preposition plural comparative adjectives	adverbs prepositional phrases.
Feminine and masculine forms: Nouns (including articles, pronouns and plural formation)	To know that every Spanish noun is either masculine or feminine. To know that the gender affects the form of the indefinite article un or una . To know that feminine nouns often (but not always) end in a and masculine nouns often (but not always) end in o. To know that the ending of a noun can change when the noun is in the plural form. To know that most nouns in Spanish become plural by adding an 's' at the end, as in English.	To know that when talking about a singular noun in Spanish we use the definite article el for masculine singular nouns, and la for feminine singular nouns. To know that when talking about a plural noun in Spanish we use the definite article los for masculine plural nouns and las for feminine plural nouns. To know how to find the gender of a noun by looking it up in the dictionary where Spanish nouns are followed by a gender indicator.	To know that plural nouns referring to nouns of mixed gender always take the masculine form. To know that I can use más or menos que to make comparisons e.g. Hay menos glaciares que antes - there are fewer glaciers than before. To know whether to use the pronouns el 'he' or ella 'she' (or the gender neutral pronoun elle) when describing someone.	To know that if a word is plural, we cannot use un or una and instead use unos and unas (some).
Feminine and masculine forms: Adjectives (position and agreement)	To know that most adjectives are positioned after the noun in Spanish e.g. un gato negro - a black cat.	To know that the ending of an adjective often changes according to the gender of the noun it describes. To know that a few adjectives can be positioned in front of the noun in Spanish e.g. bueno - un buen día , malo - hace mal tiempo , primero - el primer plato , tercero - la tercera persona , grande - el gran momento .	To know that the ending of an adjective often changes according to the gender and number of the noun it describes.	To know the rules for changing the ending of an adjective according to the gender and number of the noun it describes. To know a range of prepositions to describe the position of objects.
