

Geography - Can I carry out an independent fieldwork enquiry?

Mila wants to answer her geographical enquiry question, 'Will a new school car park help traffic flow?'.

Tick the groups of people she should collect data from, as well as which risks she is most likely to encounter.

Groups of people (Choose three.)

- Pupils.
- Parents.
- Teachers.
- Commuters.
- Builders.
- Local councillors.

Risks (Choose three.)

- Falling into a pond.
- Getting lost in a crowd.
- Being hurt by oncoming traffic.
- Standing on something sharp.
- Getting sunburnt.
- Falling into the road.

1 How could Mila avoid these risks and stay safe?

2 What data collection methods should she use and why?
