Name: Date:					KS2 Quiz	
Ur	nit title: Further coding with S	Scratch			N32 Q012	
1	Scratch is a		2	A set of instructions to what to do is called a		
Α	block coding website.		Α	loop.		
В	word processing program.		В	variable.		
С	spreadsheet program.		С	code.		
D	presentation program.		D	sprite.		
3	In Scratch, what are the dark blue motion blocks used for? Which block allows y and thought bubbles					
Α	To play sounds.		Α	Control.		
В	To move your sprite.		В	Looks.		
С	To loop code.		С	Events.		
D	To change the sprite.		D	Variables.		
5	What rule states that something cannot happen until certain requirements are met?					
Α	Important statement.					
В	Bank statement.					
С	Maybe statement.					
D	Conditional statement.					
6	In coding, what is breaking something down into smaller chunks called?					
Α	Orientation.					
В	Tinkering.					
С	Decomposition.					
D	Peaturing.					
7	A variable is					
Α	a number or text that can chang	ge each time	e the	program is run.		
В	the location or where something or someone is.					
С	the background of a project.					
D	a small image which represents something or someone.					

Unit title: Further coding with Scratch 8 The stage is the name of which part of a Scratch project? A Where you select a sprite. B The background to suit your game or project. C Where you find the coding blocks. D The area where you can select different sound effects. 9 What is the positioning of something in a particular place or direction called? A Decomposition. B Posing. C Operation. D Orientation.	N_{0}	ame: Date:					
A Where you select a sprite. B The background to suit your game or project. C Where you find the coding blocks.
